PROFESSIONAL PROFILE

Urban planner and urban designer with 9 years of experience in detailed planning, urban design, and GIS, including work on projects in Saudi Arabia, Egypt, Iraq, and the UAE. Experience includes leading four urban survey teams, reviewing planning deliverables with client authorities, and preparing geodatabases, urban boundaries, and indicative plans. Contributed to the design and visual presentation of a winning urban design competition entry in Madinah.

CORE EXPERTISE

Detailed Planning & Master Planning • Urban Design & Streetscapes • Urban Survey Team Leadership • Urban Boundary Delineation • Village Development Planning • GIS Spatial Analysis & Geodatabases • Technical Review & Client Coordination • Planning Reports & Visual Presentations

AWARD

First Place - Cul-de-Sac Urban Design Competition | Madinah, Saudi Arabia | 2026

Awarded as part of the winning team in the competition organized by the Urban Planning Agency, Al Madinah Municipality. Contributed to urban design, Photoshop visualization, and preparation of the official presentation poster.

PROFESSIONAL EXPERIENCE

Urban Planner & GIS Specialist

Ahmed Farid Moustafa for Engineering Consultations (AFM) | Madinah, Saudi Arabia | Nov 2023 - Present

- Lead four urban survey teams comprising eight members within a comprehensive development project covering 85 villages across Badr, Al-Eis, Al-Henakiyah, Khaybar, and Wadi Al-Fara.
- Prepare baseline geodatabases and review urban survey outputs against aerial imagery and planning requirements.
- Contribute to urban boundary delineation and the preparation of indicative and detailed plans in accordance with applicable municipal requirements.
- Prepare technical reports, planning presentations, and proposals; support project coordination and progress tracking.

Urban Planner

Asses Al Benaa for Engineering Consultations | Abha, Saudi Arabia | Dec 2022 - Nov 2023

- Prepared detailed plans for residential land parcels and private residential developments.
- Supervised field survey teams and cross-checked topographic survey outputs against aerial imagery.
- Established project geodatabases and supported planning deliverables throughout project delivery.

Deputy Head of Urban Planning Department

Center of Planning and Architectural Studies Co. | Heliopolis, Egypt | Jun 2021 - Dec 2022

- Reviewed planning deliverables and attended governorate-level meetings with client authorities to review completed work.
- Prepared detailed plans for Egyptian cities including Mit Ghamr, Biba, and Tanta.
- Contributed to Haya Karima service projects in Biba and Sahel Selim, the Karbala strategic master plan in Iraq, and service-land subdivision in Helwan.

PROFESSIONAL EXPERIENCE - CONTINUED

Urban Planner

Julfar Engineering Services | 5th Settlement, Egypt | UAE Projects | Mar 2019 - Jun 2021

- Prepared and updated detailed urban planning drawings, residential parcel layouts, and planning documentation using GIS and AutoCAD.
- Created and revised land parcels and related planning outputs for UAE residential planning projects, including Ras Al Khaimah.

Urban Planner

Point Engineering Consultations | 6th of October, Egypt | Saudi Arabia Projects | Sep 2017 - Mar 2019

- Prepared detailed plans for Sakaka, Dumat Al Jandal, and Al Qurayyat, including city-center and Al-Lakayt neighborhood planning.
- Developed urban design and execution plans for Al Bukayriyah City Center, including hardscape, softscape, staking plans, construction details, and 3D presentation boards.
- Prepared detailed planning outputs for seven cities in the Jazan region and supported historic building upgrading projects through base maps and architectural drawings.
